

Play Up Agreement

Please note: Agreement of the Play Up Request during online registration does not guarantee placement in an older age group. The club will make every effort to accommodate player up requests, but balancing of teams and ensuring all players who register are assigned to a team roster for the season are the first priorities of the club.

- I am formally requesting my child/player to “Play up” to an older age group, then the default age group based on my child/player’s birth year.
- I understand that if my request is approved, my child will be competing against older, more mature, and possibly larger players.
- I recognize that, if my request is approved, my child may have reduced playing time because of developmental differences.
- I accept any risks in this situation and give my child/player permission to play with older players if my request is approved.
- I understand that this request will be considered based on team space availability, age group of the team, team player’s age, needs of the Club and justification of the request.
- I understand that this request must be coordinated and approved by all required persons, and that I will be notified of the outcome of this request either approved or denied. If denied, a reason shall be provided.
- I understand that, if approved, this request shall remain in effect for the remainder of the current season only. It will not be carried to the next season.
- I understand that this request is not revocable by me after my child/player is placed on a team.
